The Shashwath Story

Every morning begins with a promise.

A promise of freshness, purity, and goodness that reaches families through every glass of milk.

Founded in January 2025, Shashwath Dairy was created with a simple vision: to deliver dairy products people can trust. Inspired by Maharashtra's rich dairy tradition and backed by modern technology, we bring together the dedication of dairy farmers and the needs of today's consumers.

With our headquarters in Pune and production facilities in Baramati and Phaltan, we turn nature's goodness into fresh, nutritious, and delicious products. From sourcing to delivery, every step is guided by quality, hygiene, and care.

As we grow, our focus remains unchanged: bringing freshness to every home and building trust with every product.
